DATA AND COMMUNICATION CABINETS

Our team provides custom assembly of data and communication cabinets, replacing traditional intermediate distribution frame (IDF) rooms.

Benefits

- Total customization
- Floor mounted or suspended
- Fabrication can occur in parallel with site construction
- Can be easily relocated in the future
- More economical than conventional IDF closet

Customizable Options

- Various enclosure rating and sizes
- Cooling
- Patch panel
- Integrated UPS
- Integrated PDU
- Network connection
- Redundant systems
